I have the honour to state that two additional sections are reported to have been opened with effect from 1st July 1942 and two additional teachers appointed from that date in the above school on account of increase in strength of the school at the beginning of this year On enquiry from this office as to whether there is still need for the additional staff in view of the general fall in strength as a result of the recent strikes it has been reported by the Deputy Director of Public Instruction Bangalore that the President and the Secretary of the Managing Committee of the above school have opined that the administrative difficulties that will arise at the commencement of the next academical year if sanction to the additional staff is not obtained now justify the continuance of the additional staff and sections the fall in the strength being temporary and that the work of the school would get dislocated otherwise The Deputy Director recommends therefore that sanction may be accorded to the appointment of the additional staff referred to above with effect from 1st July 1942

Copies of the resolutions of both the Managing Committee of the school and the Local Municipal Council are enclosed herewith for perusal of Government

I recommend that sanction may kindly be accorded to the proposal of the Managing Committee of the school supported by the resolution of the Municipal Council C

SIR

Subject - Additional information required in connection with the question of sanctioning the additional appointments of two teachers in the Municipal High School, Chintamani

With reference to your letter No L 8634/M1 dated [illegible]-2-1943 calling for information on certain points in connection with the question of sanctioning the appointment of two additional teachers in the Municipal High School Chintamani, I have the honour to furnish the same below -

(1) Copies of resolutions of the Managing Committee of the School and the Municipal Council, Chintamani are forwarded herewith

(2) A statement showing the details in respect of the teachers now employed, their pay and periods of work per per teacher is enclosed herewith

(3) A statement showing strength of each class for each month from July 1942 is enclosed

(4) As for "administrative difficulties" referred to in this Office letter dated 18-2-1943, it is explained by the management as follows -

It is reported that though the strength in the I Year class was 77 during 1941-42, the class could not be bifurcated, as sanction of Government for the appointment of an additional teacher for the purpose was obtained very late This led to certain observations by the Deputy Director in his Inspection Report for the year 1941-42 relating to the school The additional appointments were made, in anticipation of Government sanction to meet the existing demands as per instructions of Deputy Director

If, in view of the temporary fall in strength in the month of November the services of the additional t

had been discontinued it would have not only caused much dislocation of school work but also necessitated renewed correspondence, as the services of the additional hands would be required once again from the date of the reopening of the school which was then fixed as 16-5-1943 Since that date was before the end of the current financial year sanction of Government was necessary It is explained that "administrative difficulties" meant difficulties experienced by the management in complying with the demands for admission before sanction of Government for the necessary additional hands was received"

(5) The reasons for the delay -

The delay was due to the unavoidable interim correspondence as between offices of the Deputy Commissioner, & Kolar, the Secretary of the School Committee the Headmaster of the School, the Deputy Director of Public Instruction, Bangalore and this office

The Deputy Commissioner and President of the Managing Committee of the School requests that sanction may be accorded for the entertainment of the two additional teachers in this school for a period of ~~in~~ two years with effect from 20-7-1942 as agreed to by both the Managing Committee of the School and the local Municipal Council
